

The Creation Museum & The Ark Encounter

September 23-26, 2024

Travel to beautiful Northern Kentucky to see.....

The Creation Museum shows why God's infallible Word, rather than man's faulty assumptions, is the place to begin if we want to make sense of our world. The Museum allows you to experience earth history as God has revealed it in the Bible. At the heart of the Creation Museum is a chronological retelling of biblical history in seven parts called the Seven C's. You will step back in time, beginning with Creation, and fast-forward to Christ's return. Along the way, you see how God's word provides the big-picture answers for our most difficult questions, whether about science, the Bible, or our personal relationship with God. **The Ark Encounter** features a full-size Noah's Ark, built according to the dimensions given in the Bible. Spanning 510 feet long, 85 feet wide, and 51 feet high, this modern engineering marvel will amaze you. It also has a petting zoo, zip lines, and the Truth Traveler virtual reality ride along with beautiful landscape for pictures!
